

This is my eldest son, Matthew.
He lives in London!

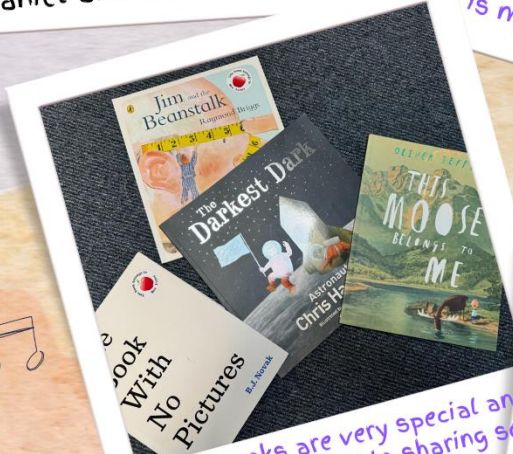

Here is Toby! He is a cocker
spaniel and loves running!

I really like ice cream - I think it
is my favourite food apart from
pizza!

This is Alex, he is my youngest son.
He loves football and our dog Toby!
He is VERY tall and i fit under his arm!

I think books are very special and I
am looking forward to sharing some
of my favourite books with you.

I am interested in everything to do with
space - if I didn't work at Brookside then
I'd really like to be an astronaut! So being
with a class of Rockets & Stars is perfect!

I love going on holiday adventures!
My favourite place to go is
Canada and America.

This is me next to a T-Rex's leg!
Dinosaurs are really cool - my
favourite dinosaur is the
Albertosaurus!
