

These are my three boys when they were at Brookside

I love travelling to different places in our motorhome with my family

This is our dog Cooper who loves to give kisses

## Mrs Wood

Being with my friends is very special to me. This is one of my best friends I met on my first day at primary school, just like you will make special friends in foundation.

Music makes me very happy! I love singing in a choir and play the guitar and the piano.

Being in the water is magical. I love kayaking in lakes like this one in my home town or surfing in Cornwall.

When I am not in Foundation you will find me in the woodland area. I love being outdoors whatever the weather. I can't wait to take you there!
